FAIRMODEL / SANDBOX TEST AGREEMENT

Voice usage license

FICTIONAL DEMONSTRATION ONLY - NOT A SIGNED LEGAL AGREEMENT. This document is for local FairModel and PayPal Sandbox testing. It does not grant rights in any real person's voice or authorize a real-money transaction.

01 / Parties and term

Voice artist: Amara Reed (fictional demo persona). Production studio: Northstar Studio (fictional demo persona). License start date: 2026-01-01. License end date: 2027-12-31.

02 / Permitted scope

Permitted media: online advertising. Online commercial advertisements and digital advertising mean online advertising under this agreement. Television advertising, radio advertising and podcasts are not permitted media. Permitted territories: US. Permitted languages: English. All campaigns are allowed, subject to the content restrictions below.

03 / Included usage and billing

Included voiced duration: 30 seconds per asset. Billing basis: per asset. The allowance resets for each distinct independently licensed usage. Billable duration is measured spoken duration, not total recording length; silence and non-speech music are excluded. Additional usage is expressly permitted at the stated additional usage rate. Additional permitted usage rate: 2.00 USD per voiced second above the allowance. Currency: USD. Fractional spoken seconds are billed proportionally. The final monetary amount is rounded to two decimal places using HALF_UP rounding. Included usage creates no additional payable invoice.

04 / Content restrictions

Restricted content categories: political advertising, gambling, adult content. A prohibited use is not made permissible by paying an additional royalty.

05 / Artist charge approval

The artist must approve additional royalties before an invoice is issued.

Worked examples: 23.52 spoken seconds = USD 0.00. 45.00 spoken seconds = (45 - 30) x 2 = USD 30.00. 58.77 spoken seconds = USD 57.54. These examples assume permitted, artist-authorized usage; the application must use the actual measured duration.

Test-operator notice (not a claim of identity or consent): Supply only your own original recording or a recording whose speaker has consented to this test. The fictional artist label does not identify that speaker. Review the extracted terms, record truthful artist authorization, and resolve overlap/review holds in FairModel. No consent, approval, signature or payment is implied by this unsigned document.

PAYPAL SANDBOX - TEST TRANSACTION - NO REAL MONEY. Sandbox draft creation, sending and buyer payment are separate deliberate actions. No production payment obligation is created.
